## INTER-HOUSE ACTIVITIES

These athletes gave us their candid thoughts on the sports games, as well as how their teams were able to achieve victory by working together and not giving up.

Q : How did your team's preparation and strategy contribute to the victory?

A : Before the game started, our team discussed the player rotation strategy so that we could let the teammates who were relatively stronger servers maximise our scoring opportunities. This was the main factor that led us to victory in the volleyball competition.

5C Leo Mok (Love House)

Q : What were the problems you faced in the Inter-house Volleyball Competition?

A : Regarding the Inter-house Volleyball Competition, the official rule is that each set is played to a maximum of 25 points, but we adopted a 15-point system. This rule made the overall game experience less enjoyable.

4A Niko Tang (Faith House)

Q. What is the most important factor that leads to a team's victory in a sports game?

A : Victory is only possible if every member works together. At one point in the Inter-house Soccer Final, our team was leading by 2 goals, but the opposing team caught up with us by the end of the first half. In the second half, we broke through the stalemate with a substitution. Everyone's efforts were what ultimately won us the game.

5A Wylie Chan (Faith House)

Q. In the critical moments, what adjustments did your team make that led to victory?

A : We changed our strategy and focused on marking a key player in the opposing team. Heading into the game, we were a bit nervous as the opposing players were all on the basketball team, but with unwavering determination and flawless teamwork, we managed to win.

5D Adrian Cheung (Grace House)

For the year 2023 to 2024, a total of 5 major categories are accounted for in the final score.

The grand champion for 2023-2024 inter-house events is **Love House**.

	Faith	Hope	Love	Grace
Sports Day	1.3	5.2	3.9	2.6
Music Day	2.4	3.6	4.8	1.2
Post-examination ball games	2.75	1.1	4.4	2.75
Integrated Humanities Quiz Bowl	2	1	4	3
Mathematics and Science Quiz Bowl	2	1	3	4
Total	10.45	11.9	20.1	13.55

# INTER-CLASS ACTIVITIES

We had a fantastic inter-group competition filled with different language-learning activities. From a Q&A activity to a card-matching game, each activity was a good opportunity for us to learn English in a fun way.

1D Halley Lam

The Kahoot Game was held to arouse S2 students' interest in learning English by focusing on spelling, vocabulary items and basic grammar. Most students enjoyed playing charades ("Big TV") as they had to mime and guess words as a team.

Miss Chan Suet Fa

On 9th April, we had an English Fun Day. That day, we played some fun and unforgettable inter-class games. The game I liked most was the vocabulary game. We formed some English vocabulary items we had learnt as a team. Through participation in the event, students could cultivate good team spirit. The Fun Day not only helped us consolidate what we had learnt in class but also released us from our daily pressure. I hope the school can have more activities like that.

3A Serina Lau

As the class representative of the F.4 inter-class spelling competition, I found it exciting even though I felt nervous. The competition could test my reaction and speed. I would rather have more questions in Round 3, the Buzzer Round. If we cancel Round 2 next year, we will have more time to do so.

4B Issac Chan

The inter-class speaking practice was a blast. It was not only a learning opportunity for exchanging ideas but also a source of fun and joy. The practice we shared made the experience truly memorable.

5C Pakto Cheung

From 21 February to 5 March, six speaking practices were held for Form 6 students in preparation for their DSE speaking exam. These practices aimed to hone students' speaking skills and build their confidence for the DSE examination.
